# Hello November **United Methodist Church**

Our mission is to reach out to welcome all and together walk with Christ

### A Letter from Pastor Shaun

Hello everybody! I hope you all are continuing to stay safe and healthy, and I do want to remind everybody that if you are missing others/Church just remember that we are putting up the sermons regularly on Canal Fulton UMC Facebook, so don't hesitate to check it on Sunday afternoons if you don't want to miss out on the week's message. Alright, with that out of the way though, I'd like to talk about the general principle that "What you focus on, grows." Going

through my devotionals, this passage jumped out at me in Colossians 3:1-4 which states, "Since, then, you have been raised with Christ, set your hearts on things above, where Christ is, seated at the right hand of God. Set your minds on things above, not on earthly things. For you died, and your life is now hidden with Christ in God. When Christ, who is your life, appears, then you also will appear with him in glory."

The Bible continues to remind us to keep the focus on Christ, who is the "author of our faith" (Hebrews), lest we stumble and trip along the way, forgetting how we got on this journey of faith to begin with. When we are focused on the things of this world, we are more likely to get tripped up because this earth has some pretty big distractions that can keep us from communing properly with God. Now we of course are living on this earth, and do need to give it our proper time and attention, but the Bible reminds us that we are on this earth for a short time, simply "passing through" if you will. I was again reminded of this Scripture when going through a sports commentary website, they interviewed Arsense Wenger, who was a famous manager (head coach) for the Premier League soccer team Arsenal. Even if one does not watch soccer, Arsenal is one of the more recognizable teams from Europe. He was a great and respected manager, but said this in a recent interview..." If God exists and they have a test to see if you go to hell or to heaven, it might look ridiculous to only have dedicated your life to winning football games"

This quote is telling from what many would consider to be a very successful man. It reminds us that even though we are capable of doing many great things on this earth, if we forget to include God in the equation then we are missing out on a vital part of the solution. Many great Christians have had profound success in "secular" sports careers (think Tim Tebow), but never forgot the fact that they still have responsibilities to do some work for God as well. I am not saying that you need to drop everything and become a monk, however what I am advocating is to set your mind on the things above (God, God's Kingdom, the Great Commission, etc..) while at the same time not neglecting your responsibilities and duties that you have to your careers, your families, and yourselves during this time on earth. We are all ambassadors for Christ and we would all do well to remember that one day the Lord will call each of us home. Until that time comes though, let us do our best to live for the Lord and continue to look to Jesus, who offers us grace upon grace, and mercy up on mercy. Have a blessed month everybody!

#### Sunday School 10:30am

**Starting Nov 8th-** At some point, we resign ourselves to living by the scripts and rhythms established by other people. Perhaps it's a parent. Maybe it's a pastor or a boss or a teacher. Maybe it's a mortgage or wedding date or that next pay raise. Wherever the source, today there is an ocean full of people living on the life rafts of what they were expected to do. If we look at the mirror, we might see ourselves on that life raft as well.

Bible Study: Wednesday 10:30am

Please remember that, as part of the Flat Rock ministry team, I am available for a Flat Rock presentation and inspiring message (temporarily via video or ZOOM). Plan ahead for National Disability Month in March. As the pandemic ends, I will return to in -person ministry which will add piano or organ supply, or special programs.
